Reduced Environmental Handling Charges on antifreeze (glycol) containers

Dear members:

Due to the vigilance and good management of its Board of directors, the Société de gestion des huiles usagées (SOGHU) is pleased to announce a reduction of environmental handling charges (EHCs) on antifreeze (glycol) containers. The reduction will amount to \$ 0.02 per liter container size, dropping from \$ 0.10 to \$ 0.08 per liter container size. **This modification to the charge on antifreeze (glycol) containers will take effect on April 1st, 2019. As such, your remittance due on July 30, 2019 covering the second quarter will be paid in accordance with the new EHC amount.**

Product	Reduction	New EHC rate
antifreeze (glycol) container	\$ 0.02 /litre container size	\$ 0.10/litre to \$ 0.08 /litre container size

The membership agreement states in article 3.2B that a 90 days notice be given to members when a rate change occurs but SOGHU has decided to make this rate reduction effective April 1st 2019 since it will benefit all members.

The members of the Board, management and personnel of SOGHU thank you for your valuable collaboration and assure you that they are fully dedicated to fulfilling the organization's mission.

Jean Duchesneau
General Manager
SOGHU
