

ANNUAL FILTER PROMOTION
From January 1st to December 31st
for Collection Facilities registered with SOGHU

As an appreciation for registering with SOGHU as a Collection Facility, and to encourage you to increase your **filter** collections, SOGHU has implemented a PROMOTION on filters.

SOGHU will pay Collection Facilities subsidies (RIs) based on the amount of filters (by weight) collected by SOGHU's registered Collectors. **Claims must be submitted directly to SOGHU**, as per the Collection Facilities preference, on either a quarterly, semi-annually or annual basis within thirty days of the chosen time frame, by completing the online claim form on our website at www.soghu.com in the ***Collection Facilities** section, subsection ***Promotion on filters**. In any case, the report, including the month of December 2018 must be received by SOGHU before January 30, 2019.

Applicable products	Used oil filters collected by SOGHU registered Collectors
***Subsidies	\$0.20/kg of filters , paid directly to the Collection Facility upon SOGHU's receipt of claim
Subsidy claims must be accompanied by a waybill/receipt signed and provided by a SOGHU registered Collector.	
Please take note that you can also send us your documents scanned, by email, at the following address : nathalie.telenis@soghu.ca .	

- Due to the difficulty of weighing a recycling bin, Collection Facilities using bins of 205 Litres or receptacles on wheels with either a 240 Litres or a 360 Litres capacity proceed with fixed rates that represent the average weights according to the container size multiplied by \$0.20/kg. The fixed rates are as follows: **\$20.00 per 205 Litres bin, \$28.00 per 240 Litres bin and \$34.00 per 360 Litres bin.**
- Municipalities that deal with Laurentides re-sources inc. will receive weight tickets directly from them which you then use to calculate your RI amounts by multiplying the weight by \$0.20/kg.

There is no change in your collections. Continue to do business with the same Collector(s) and use the document(s) they provide to submit your claim according to your preferred schedule: Quarterly (3 months), bi-annually (6 months) or annually.

Furthermore, you can receive your payment by electronic funds transfer by adding a sample check to your claim form. It's an ecological reliable and faster way to receive your payment while saving time.

La Société de gestion des huiles usagées (SOGHU) has been operational since January 2005 and pays financial incentives to SOGHU registered Collectors for the collection of all products governed by the ***Regulation respecting the recovery and reclamation of products by enterprises.***

Many generators (over 1 000 garages and municipalities) have registered themselves as Collection Facilities; places where the general public and small enterprises can drop off used oil, used oil filters, used containers of oil and antifreeze as well as aerosol lubricant and aerosol brake cleaner containers governed by the Regulation, at no charge, during advertised hours. Please verify your coordinates in the Collection Facilities section of our website at www.soghu.com by launching a search with your postal code or call us at 1-877-987-6448 ext. 226. If you find errors, please contact us immediately so we can correct them.

SOGHU wishes to thank all for your genuine concern for the environment and your commercial vision.

For all additional questions or information, please contact Nathalie Télénis at 1-877-987-6448 ext. 226.

Jean Duchesneau
