Very important reminder **concerning Collectors subsidies**

Collections done by a Collector at another Collector are considered «business to business» and no subsidies will be granted for these products.

Refer to definitions from the Collectors manual

Collector: means a business registered with SOGHU to pick up products governed by the Regulation from **Generators** or **Collection Facilities** and deliver them to a Processor registered with SOGHU;

Generator: means the user of the SOGHU Products in the normal course of business or as a private consumer.
